Applicant's amendments and remarks filed 1/21/03 have been received and reviewed.

Claims 27-52 are now pending in this application.

Claim Rejections - 35 USC § 112

Claims 27-52 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

iv) It is unclear which compound of formula I has a binding affinity to VLA-4 as expressed by an IC_{50} of about $15\mu M$ or less and which does not. Claim 27 is a genus of millions of compounds. No one can say whether a given compound embraced by formula (I) is within the scope of the claims or not. One skilled in the art would have to take each compound and test it to see whether it has a binding affinity to VLA-4 expressed by an IC_{50} of about $15\mu M$ or less or not. This requires undue experimentation (35 USC 112, first paragraph). Also, it is unclear what the metes and bounds of "about" is. Is $16\mu M$ within the scope of about? How about $17\mu M$ or $18\mu M$? How about $100\mu M$? One skilled in the art cannot tell what Applicants intend.

v) It is unclear in claims 48 and 50 which disease is mediated by VLA-4 and which one is not. How can one skilled in the art say for sure whether a given disease is mediated by VLA-4 or not? Applicants point to page 3, lines 29-30 of the specification to support this claim. There is nothing here that can tell one skilled in the art which disease is supposed to be treated.

vi) It is still unclear what is to be accomplished in claim 52.

In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
